Lara,

Can you make a larger format version of the ops map and label the counties.

Joe - can you get this map to Darrin. He is serving as the PIO for Harvey and is at the city offices.

Can I get a map that shows the three branches with greater detail? When I talk with City of Houston contacts, I'd like to be able to indicate the counties we're including in Bravo Branch. The maps in the updates/SitRep become too blurry to read when I

magnify them. Maybe just a non-PDF version? Or just a list of the counties in the branch?

Also, Sam mentioned to the mayor that he was going to give me a map, to share with the city, of the Superfund sites in the impacted areas that would show which ones were in the city. The mayor hasn't asked about it, but can you help me track it down in case it's requested.
